PROFESSIONAL SUMMARY

I am versatile, LID (Low Impact Development) certified, and licensed landscape architect with more than 15 years of professional experience. My office is based in Seattle, but my practice is not confined in the Seattle Metropolitan area. Born in Japan, lived in Europe and New England, I bring flexible, multi-cultured thoughts and aesthetics to every project. Trained by some of the region's best landscape architects, and having worked with industry experts, I am equipped with skills and passion to maximize the site's potential for every project I take on.

EDUCATION: Master's in Landscape Architecture, Urban Design Certificate, University of Washington, 2008
Bachelor of Art in Industrial Psychology from Doshisha University, Kyoto, Japan. 1979

SKILLS: Developing conceptual plan, thorough site analysis, hardscape construction plan and details, software mastery and hand drawing, low-maintenance planting plan, permit processes, construction supervision. mitigation designs, LID, presentation and any skills required to be an outstanding landscape architect.

NOTABLE AWARDS: University of Washington College-wide Graduate Honors Award (individual)

LICENSE & CERTIFICATES:

Landscape architect license # 1354, State of Washington
Urban Design Certificate from University of Washington
LID Certificate from University of Washington

HORTICULTURE: Deep knowledge of horticulture, a few credits shy from obtaining horticulture degree. Created numerous mitigation planting plan. Trained and volunteered at King County Master Gardener program.

SOFTWARE: AutoCAD 2022, SketchUp 2022, Adobe 2022, WordPress, and MS Office

CULTURAL DEPTH: Multilingual (Japanese, English, Spanish), traveled and lived extensively
